

BEN JAMES SUTLIEFF

CURRICULUM VITAE - 5TH OCTOBER 2026

Institute for Astronomy,
University of Edinburgh,
Blackford Hill, Edinburgh EH9 3HJ

Email: ben.sutlieff@roe.ac.uk
Website: <https://bensutlieff.github.io/>

EDUCATION

- PhD in Astronomy** - Anton Pannekoek Institute for Astronomy, University of Amsterdam, NL 2018-2023
Thesis title: “*Bringing Exoplanets Into Sharper View: Storm Chasing on Distant Worlds*”
Supervised by Prof Jayne Birkby, co-supervised by Dr Matthew Kenworthy.
- MPhys Physics with Astrophysics, First-Class Honours** - University of Exeter, UK 2014-2018
Thesis project: “*Direct Imaging and Spectroscopy of Exoplanets*”. Supervised by Prof Sasha Hinkley.

RESEARCH POSITIONS

- Leverhulme Trust Early Career Research Fellow** - University of Edinburgh, UK From May 2027
Three year fellowship awarded to conduct research on the theme of “*The First Detections of Weather on Directly Imaged Exoplanets*”.
- Postdoctoral Research Associate** - Institute for Astronomy, University of Edinburgh, UK 2022 - Present
Research focused on characterising exoplanets and brown dwarfs through direct imaging campaigns in the group of Prof Beth Biller, with a focus on variability studies. Funded by STFC Astronomy Small Award since March 2025.
- PhD Researcher** - Anton Pannekoek Institute for Astronomy, University of Amsterdam, NL 2018-2023
PhD research focused on characterising exoplanets and brown dwarfs through direct imaging campaigns, in particular the use of novel photometric and spectrophotometric monitoring techniques to measure their atmospheric variability. Reduction and analysis of direct imaging data, developing observing & data processing techniques for vector Apodizing Phase Plate coronagraphs (vAPPs). Supervised by Prof Jayne Birkby, co-supervised by Dr Matthew Kenworthy.
- Undergraduate Researcher** - University of Exeter, UK 2016-2018
An ongoing high-contrast imaging survey exploring the link between circumstellar debris disks and giant exoplanetary companions in wide-separation orbits, using observational data collected at the W.M. Keck Observatory. Supervised by Prof Sasha Hinkley.
- Undergraduate Researcher** - University of Exeter, UK 2016
Pre-processing of data using ESO’s Common Pipeline Library, for high-contrast imaging targets observed with the SPHERE instrument on the VLT. Identification of planet candidates and astrometry. Supervised by Dr Elisabeth Matthews.
- XRT-C Science & Procurement** - University of Exeter, UK 2014-2016
A student-led project to construct the eXeter Radio Telescope at Caradon (XRT-C), a 4.5m radio telescope in Caradon, Cornwall, with the goal of conducting a neutral hydrogen survey of the galactic plane.
- Data Collection** - Lockyer Technology Centre, Norman Lockyer Observatory 2012-2015
Utilising a forward-scatter radar setup to monitor the daily, seasonal and annual variation in radio meteor flux.

TEACHING & SUPERVISION

Student supervision

PhD candidates

Co-Supervisor of Edward Turner, University of Edinburgh PhD candidate with Prof. B. Biller. 2026 - Present

Master’s students

Primary supervisor of Adorabella Nkana (University of Edinburgh) 2026 - Present

Primary supervisor of Kipkemoi Elvis Samuel (Multimedia University of Kenya) 2025 - Present

Primary supervisor of Jack McCabe (University of Edinburgh) 2025 - 2026

Co-Supervisor of Aiza Kenzhebekova (University of Edinburgh) with Prof. B. Biller. *Now continuing as a PhD candidate in Edinburgh.* 2025 - 2026

Primary supervisor of Patricia Van De Walle Suárez (University of Edinburgh). *Now a PhD candidate* 2024 - 2025

at the University of Liège, Belgium.

Co-Supervisor of Kai Robertson (University of Edinburgh) with Prof. B. Biller.

2023 - 2024

Bachelor's students

Primary supervisor of Jacob Hunter (University of Edinburgh Senior Honours student)

2024

Primary supervisor of Patricia Van De Walle Suárez (University of Edinburgh Senior Honours student, continued as an Edinburgh MPhys student and now a PhD candidate at the University of Liège, Belgium)

2024

Primary supervisor of Anthony Atkinson (summer student, University of Edinburgh / Rice University)

2023

Teaching

School Lead & Lecturer - Africa-UK Physics Partnership Advanced Astronomy School, Nairobi, Kenya April 2027
Organising and running the first edition of an advanced training school, aimed at PhD students and postdocs from four African countries, focused on cutting edge data analysis techniques that can be applied to data from major international optical facilities. Responsibilities also include developing the curriculum and coordinating staff and attendees.

Lecturer - Development in Africa with Radio Astronomy (DARA) programme, Ileret, Kenya Jul 2025/Aug 2026
Lecturer and staff member at a two-week astronomy training school for Masters students.

Guest Lecturer - University of Edinburgh, UK

2025

Guest lectures on exoplanets and the direct imaging technique for Masters level astrobiology methods course.

Guest Lecturer - Heriot-Watt University, UK

2024-2025

Guest lectures on exoplanets and the direct imaging technique for Masters level astrophysics course.

Teaching Assistant - University of Amsterdam, NL

2019-2020

Open Problems in Modern Astrophysics, Masters course (2019 & 2020)

Outreach Activities Module (2019 - 2020)

Project Natuur & Sterrenkunde (Bachelors project module), Bachelors course (2019)

Mentor - Space School & Senior Space School UK, University of Leicester

2015 & 2018

Assisting with the operation of the summer school, teaching physics and astronomy topics to students aged 13-18.
Guest lectures on exoplanets and the effects of space on the human body.

AWARDS & PRIZES

Leverhulme Trust Early Career Research Fellowship

2026

Competitive three year fellowship awarded to conduct research on the theme of “*The First Detections of Weather on Directly Imaged Exoplanets*”, including £6,000 per annum of funding for research and travel.

Leids Kerkhoven-Bosscha Fonds (LKBF) grant - €400 (2019), €1000 (2020)

2019 & 2020

UKSEDS Best Project Award Winner - for XRT-C, a student-led 4.5-m radio telescope project

2015

OBSERVATIONAL AND TECHNICAL SKILLS

Principal Investigator Proposals:

- VLT (8.2m)/ERIS + APP, Chile: “*Exometeorology: Searching for weather on HR 8799cde using the unique ERIS APP leakage term*” - 2 half-nights

2023

- LBT (8.4m)/NALES + 360-vAPP, Arizona, USA:

“*Searching for weather on the HR 8799cde exoplanets*” - 2 nights, inc. concurrent LBT/SHARK-VIS obs.

2025

“*Searching for weather on the HR 8799cde exoplanets*” - 5.5 hrs, inc. concurrent LBT/PEPSI obs.

2024

“*A new ground-based technique for mapping exoplanets*” - 2 nights, inc. concurrent LBT/PEPSI obs.

2020

Co-Investigator Proposals:

JWST Cycle 5 NIRCcam, NIRSpec, & MIRI:

“*Dancing 1-28 micron spectra to investigate the variable nature of a rogue planet*” - 21.2 hrs

2026

“*Once More, With Feeling: Establishing a Robust Sample of JWST Exoplanet Discoveries*” - 68.6 hrs

2026

“*A variability survey of temperate brown dwarf atmospheres*” - 130 survey targets

2026

JWST Cycle 3 NIRCcam & MIRI Coronagraphy:

“*Imaging Young Sub-Jupiter Planets down to Solar-System Scales*” - 212.8 hrs

2024

“*From Day to Season: Constraining the Rotation Period and Obliquity of Beta Pic b with Time-resolved High-contrast Imaging*” - 24.2 hrs

2024

“*Super-Jupiters in our backyard: MIRI coronagraphic imaging of a massive planet/brown dwarf orbiting an M dwarf at 12pc*” - 13.2 hrs

2024

JWST Cycle 2 MIRI LRS + NIRSpec:

“Clouds or Chemistry?: Pinpointing the drivers of variability across the L/T transition via the benchmark L/T binary WISE 1049AB” - 19.34 hrs 2023

Hubble Cycle 34:

“Extending Accretion Studies into the Sub-Jupiter Regime with TWA 7 b” - 20 orbits 2026

VLT (8.2m)/ERIS, Paranal Observatory, Chile:

“Confirmation of a 550 K, 2 MJup directly imaged exoplanet candidate” - 10.6 hrs 2026

“ERIS confirmation of exoplanet candidates from a survey of the Eps Cha moving group” - 6.2 hrs 2026

“Pinpointing the source of variability for a unique planetary-mass binary” - 7.1 hrs 2026

“Characterising exoplanet and brown dwarf systems with ERIS imaging” - 4.5 hrs 2025

“Characterisation of two exoplanet systems with ERIS” - 10.1 hrs 2025

“How common are widely separated giant exoplanets in young star-forming regions?” - 11.5 hrs 2024

“Clouds vs Aurora: a unique test of variability in the T dwarf WISE J0720B” - 0.2 nights 2023

VLT (8.2m)/SPHERE, Paranal Observatory, Chile:

“How common are widely separated giant exoplanets in young star-forming regions?” - 7.0 hrs 2024

“How common are widely separated giant exoplanets in young star-forming regions?” - 3.0 hrs 2023

NTT (3.58m)/SofI, La Silla Observatory, Chile:

“Following up the first variability survey for T-type planetary mass objects” - 4.9 nights 2023

“Completing the first variability survey for T-type planetary mass objects” - 5.0 nights 2022

Magellan (6.5m)/MagAO + vAPP, Las Campanas Observatory, Chile:

“The stormy nature of a young giant exoplanet” - 1 night 2019

On-site observing experience:

VLT UT4 (8.2m)/ERIS + APP, Paranal Observatory, Chile - 2 nights (Oct 2023), 1 night (Dec 2025) 2023/2025

Magellan (6.5m)/MagAO + vAPP, Las Campanas Observatory, Chile - 1 night Nov 2019

WHT (4.2m)/ISIS + ACAM observing run, La Palma - 5 nights May 2019

Data reduction and analysis expertise related to:

Direct imaging datasets (JWST/NIRCam, VLT/ERIS, VLT/SPHERE, LBT/NALES, LBT/SHARK-VIS, Magellan/MagAO, VLT/KMOS, Keck/NIRC2, vAPP coronagraphs), low-resolution spectroscopy, and time-resolved (spectro)photometry. Experienced in the PYTHON programming language, proficient in HTML, and working knowledge of C and IDL.

SERVICE TO ACADEMIA

School Lead & Lecturer - Africa-UK Physics Partnership Advanced Astronomy School, Nairobi, Kenya Apr 2027
Organising and running the first edition of an advanced training school, aimed at PhD students and postdocs from four African countries, focused on cutting edge data analysis techniques that can be applied to data from major international optical facilities. Responsibilities also include developing the curriculum and coordinating staff and attendees.

Local Organising Committee - Space-Based HCI in Europe III - Royal Observatory Edinburgh, UK 2026

Scientific Organising Committee - ROE Workshop 2026 - Royal Observatory Edinburgh, UK 2026

Organisation of the *Exploring the Intersection of Science and Instrumentation with ERIS and HARMONI* workshop.

External Panelist - JWST Cycle 5 Time Allocation Committee 2025

Joint IfA/UKATC Activities Committee - Institute for Astronomy, University of Edinburgh, UK 2025-Present

Member, DRP Contributor - Roman Space Telescope Coronagraph Community Participation Program 2024-Present

Member - JWST Direct Imaging Early Release Science Collaboration 2023-Present

Colloquium Organiser - Institute for Astronomy, University of Edinburgh, UK 2023-Present

Exoplanets & Solar System Journal Club Co-Chair - University of Edinburgh, UK 2023-2025

Session chair - National Astronomy Meeting 2023, Cardiff, UK Jul 2023

Chair of the *“Direct imaging as a tool to constrain the fundamental parameters, atmospheres and formation of young Jupiters”* parallel session.

Borrel Committee & Social Committee - Anton Pannekoek Institute, University of Amsterdam, NL 2019-2021

Social Media Assistant - Anton Pannekoek Institute, University of Amsterdam, NL 2019-2020

Session chair × 2 - vAPP Data Hackathon, Leiden Observatory, NL	2019
Chair of the “ <i>Data Pre-processing</i> ” and “ <i>Photometric Variability with vAPPs</i> ” sessions during the workshop.	
Co-founder and SOC/LOC - Space:Exe Conference, University of Exeter, UK	2018
Launched the first edition of a now annually occurring conference bringing together speakers and delegates from both academia and industry, with a focus on space science and astronomy research in South West England.	
Student-Staff Liason Committee - Physics & Astronomy, University of Exeter, UK	2016-2018
Working with departmental staff to deliver academic representation, solving problems related to teaching and student support.	
Outreach & Publicity Officer, Secretary - Space:Exe, University of Exeter, UK	2015-2018
A university society promoting science communication and supporting several multi-discipline physics & engineering projects, such as XRT-C and a high-altitude balloon.	
Campaign Team Member - University of Exeter Student’s Guild	2016-2017
2016 DVP International Campaign Team & 2017 Guild President Campaign Team (both successful).	
UKSEDS Assistant Outreach & Publicity Officer - UKSEDS	2015-16
UK Students for the Exploration & Development of Space. Contributed to the organisation and promotion of outreach events on a national level, including regional science festivals and the National Student Space Conference.	

SCHOOLS, CONFERENCES, & TALKS

Seminars and Colloquia

Invited Seminar - KU Leuven, Leuven, Belgium	Dec 2026
Invited Seminar (SPIMAX) - University of Oxford, Oxford, UK	Feb 2025
Invited Colloquium - Keele University, Keele, UK	May 2024
Seminar Talk - University of Southern Queensland, Toowoomba, Australia	Mar 2024
Seminar Talk - University of Queensland, Brisbane, Australia	Mar 2024
Thirty Minute Talk (Department Seminar) - ESO Santiago, Santiago, Chile	Oct 2023

Talks at conferences & meetings

Contributed Talk (joint with Markus Bonse) + Poster - Exoplanets 6, Porto, Portugal	Jun 2026
Contributed Talk - European Astronomical Society Annual Meeting 2025, Cork, Ireland	Jun 2025
Contributed Talk - Scottish Exoplanet & Brown Dwarf Meeting 2024, Glasgow, UK	Apr 2024
Contributed Talk - SUPA Cormack Astronomy Meeting 2023, Glasgow, UK	Dec 2023
Contributed Talk - UK Exoplanet Meeting 2023, London, UK	Aug 2023
Session Chair & Contributed Talk - National Astronomy Meeting 2023, Cardiff, UK	Jul 2023
Contributed Talk - NOVA Network 2 meeting, Leiden, NL (moved to online)	Nov 2021
Contributed Talk - High-Contrast Imaging post-processing (HCIPP) workshop, Berlin, Germany	Jan 2020
Contributed Talk - NOVA Fall School, ASTRON, Dwingeloo, NL	Oct 2018
Contributed Talk - National Student Space Conference, University of Surrey, UK	Mar 2018

Posters and further conferences & meetings attended

Space-Based HCI in Europe III Workshop - Edinburgh, UK	Jun 2026
Roman Coronagraph School - Fréjus, France	Mar 2026
Poster - UK Exoplanet Meeting 2025, Leeds, UK	Apr 2025
Poster - Scottish Exoplanet & Brown Dwarf Meeting 2025, Edinburgh, UK	Jan 2025
Poster - SUPA Cormack Astronomy Meeting 2024, Dundee, UK	Dec 2024
Poster - Exoplanets 5, Leiden, NL	Jun 2024
Poster - Extreme Solar Systems V, Christchurch, New Zealand	Mar 2024
Poster - In the Spirit of Lyot, Leiden, NL	Jun 2022
Poster + video - European Astronomical Society Annual Meeting, Leiden, NL (moved to online)	Jun 2021
Poster + video - STScI Spring Symposium 2021, STScI, Baltimore, USA (moved to online)	Apr 2021
Poster + video - Exoplanets III, Heidelberg, Germany (moved to online)	Jul 2020
Lorentz Center workshop: Tackling the Complexities of Substellar Objects, Leiden, NL	Feb 2020
Poster + poster pop - In the Spirit of Lyot, Tokyo, Japan	Oct 2019
Poster - Netherlands Astronomy Conference, Groningen, NL	May 2019
Session chair × 2 - vAPP Data Hackathon, Leiden Observatory, NL	April 2019

Co-founder and Organising Committee - Space:Exe Conference, University of Exeter, UK	May 2018
National Student Space Conference, University of Exeter, UK	Mar 2017
National Student Space Conference, University of Surrey, UK	Feb 2015
UKSEDS Comets and Asteroids Workshop, University of Oxford, UK	Feb 2015

PRESS RELEASES AND PUBLIC OUTREACH

Magazine interview about the discovery of β Pictoris d - <i>Ciel & Espace</i> magazine, France	Sep 2026
Invited cover article - <i>Chasing Storms on Directly Imaged Giant Exoplanets</i> , Leverhulme Trust Newsletter	Sep 2026
ESO Press Release on the discovery of exoplanet β Pictoris d - “Faintest planet ever imaged from Earth found after more than 10 years of hide-and-seek” - https://www.eso.org/public/news/eso2609/	Jul 2026
Public talk on Exoplanets - Airdrie Astronomical Association, Airdrie, UK	Feb 2025
Science advisor - Dirleton Solar Walk, East Lothian, Scotland, UK	Jun 2024-Present
Public talk on Exoplanets - Wells & Mendip Astronomers, Wells, UK	Oct 2024
Sidewalk Astronomy - Partial Solar Eclipse, Anton Pannekoek Observatory, Amsterdam, NL	Jun 2021
Public talk on Exoplanets - Wells & Mendip Astronomers, Wells, UK (online)	Feb 2021
Observatory tour guide - Sterrenkijkavonden, Anton Pannekoek Observatory, Amsterdam, NL	Apr 2019 - Jul 2020
Outreach team member - Partial Lunar Eclipse Event, Anton Pannekoek Observatory, Amsterdam, NL	Jul 2019
Sidewalk Astronomy - Imagine Film Festival, Amsterdam, NL	Apr 2019
Invited article; “ <i>Imaging Exoplanets</i> ” - <i>Khan Quang Do</i> national school magazine, Vietnam	Mar 2019
Outreach team member - Total Lunar Eclipse Event, Anton Pannekoek Observatory, Amsterdam, NL	Jan 2019
Outreach team member - Science Park Open Day, University of Amsterdam, Amsterdam, NL	Oct 2018
Public talk on XRT-C/Radio Astronomy - Mid-Somerset Amateur Radio Club, Shepton Mallet, UK	Jun 2018
Invited article; “ <i>Imaging Exoplanets</i> ” - <i>The Nightly Observer</i> astronomy magazine, UK	Apr 2018
Outreach team member - Sidmouth Science Festival, Sidmouth, UK	Oct 2015
Outreach team member - Wells & Mendip Astronomers Open Day, Wells, UK	Aug 2015
Outreach team member - Solar Eclipse Viewing Event (1500 attended), University of Exeter, UK	Mar 2015
Public talk on Radio Meteor Observations - Wells & Mendip Astronomers, Cheddar, UK	Aug 2014
Sidewalk Astronomy - Wells & Mendip Astronomers with Waitrose & Partners, Wells, UK	Mar 2014
BBC Points West television interview on Radio Meteor Detection - BBC Stargazing Live week, UK	Jan 2014
BBC Radio Somerset interview on Radio Meteor Detection - BBC Stargazing Live week, UK	Jan 2014
Outreach team member - BBC Stargazing Live week, Wells & Mendip Astronomers, Wells, UK	Jan 2014
